PROFILE

Motivated and dedicated beginner web developer with a strong passion for learning and growing in the field of web development. I am eager to further my skills and knowledge to create dynamic and user-friendly websites and applications.

EXPERIENCE

Web Developer

JNEP Services

2023

- Creating the structure and layout of a web page using WordPress themes and plugins.
- Creating and managing content for the website.
- Customizing and optimizing website for performance, security, SEO (search engine optimization), and accessibility.
- Integrating contact and requests forms from the user.

Volunteer - Web Developer

Emmanuel James Foundation

2022-2023

- Creating the layout and structure of the website using HTML.
- Styling the website using CSS to create visually appealing designs and layouts.
- Enhancing the functionality and interactivity of the website using JavaScript.
- Implementing responsive design using media queries and flexible grids to ensure the website looks good on all devices.
- Optimizing the website for page speed and performance.
- Conducting cross-browser testing to ensure the website looks and functions correctly on different browsers.
